

Nursery's Weekly Blog

WC 4th November 2024

We had lots of fun for our Farrah-works day in Nursery on Tuesday 5th November. During our circle time we thought about how we can have fun and stay safe when watching fireworks. We listened to some classical music and moved around the room like fireworks. We twirled material in the air and zoomed like rockets! Next, we made some wonderful firework themed art. We used forks to make different patterns with our paint.

In our literacy lessons this week, we introduced our new focus text, 'Wow! Said the Owl'. We have been using our fine motor skills to draw our very own owl pictures. We have also been practicing writing our names.

In maths we have enjoyed joining in with repeated patterns.

I can make spots - Oaklynn

Look at me, I'm making a wheel firework - Theo
