

# Year 6's Weekly Blog

WC 11<sup>th</sup> November 2024

Year 6 have been diving into their study of wolves to prepare for writing their own non-chronological reports. They have been exploring vivid vocabulary, practicing different grammar techniques, and learning about key report features.

In PSHE, the students discussed their ideas about what "normal" means and compared it to life in a developing country. They explored the concepts of "prejudice" and "discrimination," and learned how society and history have evolved towards greater equality.

In maths, the children have been working on understanding common factors and multiples, emphasizing the importance of mastering times tables to become more efficient mathematicians.

In PE, it was tournament time! The children competed against each other in an exciting football match.

Pupil's voices:

"Loved that football tournament, can we do it again?"

"Wow, I didn't know that slavery was still an issue"
